Telegraphic Address
"SENORGEN"

OFFICE OF THE SENIOR SURGEON,
MYSORE GOVERNMENT,
Dated Bangalore, the 31st october 1923.

FROM

The Senior Surgeon with the Government of
His Highness the Maharaja of Mysore,
Bangalore.

GEN. & REV. SECTT.
Rs. L
1 NOV. 1923
G. D. SECTION

To

The Secretary to the Government of H.H.the Maharaja of Mysore, Local & Legislative Departments, Bangalore.

SIR,

With reference to your letter No.L.2730-Med.16th October 1923, I have the honor to forward herewith a copy of ~~the~~ letter No.133, dated 26th October 1923, from the Principal of the Medical School, reporting that the old 'A' Station alterations are complete, except for a few little things which could be done in a very short time. I am instructing him to take ove charge of the building and shift the Medical School thereto as soon as he can get the required furniture ready for holding the classes there.

An indent for the desk-benches required has this day been separately submitted to Government for favor of very earl sanction. In this connection I beg to invite attention to my letter No.C.82-32dated 1-9-23 wherein the construction of a compound wall to enclose the new Puttahhachetty Dispensary and the new Medical School building and bring them into one compound to prevent trespass by the public and facilitate communication between the buildings and the Hospital and to request early orders in the matter.

As regards proposals for the disposal of the residential quarters in which the school is now located. I have to invite attention to my letter No.c.757-13, dated 4th June 1923

19)

(written in reply to your office letter No.L.6807-Med.92-22-4, dated 4th April 1923) wherein proposals have already been submitted by me, not only for the disposal of the residential -- quarters intended for the Lady Medical Officer attached to the Victoria Hospital, but also for the disposal of the several residential buildings in conformity ~~of the~~ with the original arrangement which had been in force till the termination of Rajakaryapravina Rao Bahadur Dr.T.V.Arumugum Mudaliar's tenure of appointment as Resident Medical Officer of the Victoria Hospital.

The arrangement is

(1) the building now occupied by the Medical School is to be given to the Resident Medical Officer as his quarters.

(2) the building now occupied by Mr.C.Narayana Rao as Resident Medical Officer is to be given to the Assistant Surgeon on Post Graduate course, free of rent. If the Post Graduate course should be of real benefit, the officer concerned should be made to live on the premises to be available for duty at any hour, by day or by night, Residence on the premises cannot be made optional, which it will be if the occupier is made to pay rent, as he cannot be deprived of his right to ~~xixix~~ make his own arrangements if he has to pay for the quarters.He ought to be considered as part of the Hospital establishment.

(3) the building now occupied by Mr.S.Krishnamurthi and meant for the Lady Medical Officer attached to the Victoria Hospital, ought to be reserved for that purpose. But till the present Lady Medical Officer continues to be attached to this Hospital, the quarters may be made available to any other officer attached to the Victoria Hospital, who may desire to live in the premises for his own convenience, on payment of rent, according to rules, on condition that the same should be vacated and made available to the Lady Medical Officer of the Hospital, whenever necessary

Final orders on these proposals were promised to be passed when the school is shifted from the present building,(vide your office letter No.L.8221-Med.92-22-7, dated 23rd June 1923.)

I have the honor to be,

Sir

Your most obedient servant,

Ag. Senior Surgeon.

(20

Letter No.133 dated 26-20-23, from the Principal, Medical School, Bangalore, to the Senior Surgeon, Bangalore.

With reference to your office No.C.16 dated 19-10-23 forwarding a copy of letter from the Chief Engineer, Roads & Buildings, Bangalore, to the Secretary to Government, Revenue Department, that the work of converting the Elect."A" transformer house near the Fort at Bangalore into Medical School would be completed by the 15th Septr.1923, I have the honour to bring to your kind notice that on inspection of the building I find that the work has been completed except for the renewal of certain broken glass pan-s and other minor items which can be completed in a very short time.

Before the school can be completely shifted over to the new building the Tea Shops, and Barbers' sheds should be caused to be removed as they are in very close proximity to the building and keep the surroundings very filthy.

The extra furniture as already indented for in this office No.131 dated 24-10-23 are also required urgently and as such I request for early orders in the matter.

The erection of the compound wall as proposed in my communication from the Hospital (No.354 dated 19-8-23) to include the new out-patients and the Medical School should be put through at an early date for reasons pointed out in the above communication.
